Organized 1938

We have completed our first full year here in Port Angeles and we feel that we are right in the center of God's will for us and this part of His Body.

We see God's hand at work all around us and have witnessed His incredible miracle of new spiritual birth in a few lives, including a new sister who has discovered God's love and salvation for the first time at 75 years of age! God is opening the door to minister to a growing number of children and is at the same time providing new workers. There is a hunger to meet together to worship and to study God's Word and at the same time there is a spirit of compassion that is reaching out in tangible ways to needy ones in the Body and in our neighborhoods.

God has more than provided for our needs this year and has even given us some extra so that we can better share with others both here locally and around the world. We are excited to see day by day what new things God has in store for us, for our spiritual growth, our service in His Body, and our ministry to our world here.
